Epilepsy, or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c.
This disease consists in a sudden deprivation of the

senses, accompanied with a violent convulsive mo tion of the whole body. It attacks by fits, and after a certain duration goes off, generally leaving the suf-ferer in a stupor, attended with great weakness and exhaustion of the body.

Doctor Hart would impress it upon the minds o the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases. As its tendency is to insanity, madness and death, the most Skillful Physicians of Europe, as well as the most Skillful Physicians of Europe, as well as those of our own country, have pronounced Epilepsy incurable. And it has been so considered by many, M.L. and L. and a property of the country o until this most important of all discoveries was made by Doctor S. Hart, nearly sixteen years since, during of undoubted skill and experience, Ministers of va-rious denominations, as well as hundreds of our eminent citizens, all unite in recommending the use of shis truly valuable medicine to their patients, charge. and friends, who are thus afflicted, as the only rem-

I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract alone, he was restored to Perfect Health. His reason, which was so far gone as to unfit him for business, is entirely restored, with the prospect now before him of life, bealth and usefulness. He is how 28 years of age.

THIS world has ever been the scene of the fircest struggles between Truth and error. No sooner monstrating the matchless virtues of this article.— Letters are coming to its from all parts of the Union properties it possesses in all cases of burns, rheumatism, piles. wounds, &c. For burns, scalds, sores, swellings, pains in the limbs of all kinds, cuts, wounds, and in every disease of the body, where it can be applied externally, it never fails to cure. A singular case came under our own observation. A friend in playing with a starp steel pen, run it into the palm of his hand so that it came out at the back and had to be extracted that way. The poisonous nature of the ink in the wound, as well as the instrument itself, caused the hand to swell dreadfully.-Dalley's Pain Extractor was applied, and the next day the swelling had entirely gone down, the pain had left, and the wound was cured in a few days. Important Caution—Counterfeits of my Extractor are unblushingly published to the world in my name. Protect yourself, as you value life, and health, from these deceptions. This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. Nofemale who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be de-layed for several years by using thisemedicine. Nor is it less valuable for those who are approaching wo-manhood, it is calculated to assist nature by quick-ening the blood and invigorating the system. Indeed this medecine is invaluable for all the diseases to

which women are subject. It braces the whole system, renews permanently tha natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and dis-

DISEASE OF THE HEART, RUPTURE AND

DR. TOWNSEND-Dear Sir: My wife has been afflicted with a terrible rapture for over fifteen years' the greater part of the time. She has been troubled with shortness of breath & great fluttering of the heat which has been very distressing, and has frequently been unable to leave her bed. The rupture was very large and severe. She tried almost every remedy for such cases with but little benefit. When she had ta-ken but three bottles of your excellent medicine she was entirely relieved of the disease of the heart, and

the rupture has almost entirely disappeared. She has also had the dropsy, and was very much swollen. We had no idea that she could be so benefited, as she had such a complication of diseases But it has, as strange as it may appear, relieved her of the dropsy. I am aware that this statement is so strange as to appear almost like fiction, but it is sober reality. Your Sarsaparilla is certainly a valuable medicine, and should be used by every one that suffering as we have been. If any disbelieve this account, they are at liberty to call at my house and have ocular demonstration. Yours, respectfully, WILLIAM TOWSER, 1 James st

BANK DEPARTMENT, ALBANY, May 10, 1845)
DR. TOWNSEND -Sir: I have been afflicted for several years with dyspepsia in its worst form, attended with sourness of stomach, loss of appetite, extreme heartburn, and a great aversion to all kinds of food, and for weeks (what I could eat) I have been unable to retain but a small portion on my stomach. I tried the usual remedies, but they had little or no effect in removing the complaint. I was induced, about two months since, to try your extract of Sarsaparilla, and I must say with little confidence: but after using nearly two bettles, I found my appetite restored and the heartburn entirely removed; and I would earnest ly recommend the use of it to those who have been afflicted as I have been, Yours,
